

WINDOWS COVERINGS ASSN. OF AUSTRALIA

The Window Coverings Association of Australia sets the industry benchmarks of quality design, manufacturing and service. Put simply, if you are not buying from a member of the WCAA, you risk buying from a business that is not held accountable by a window covering body designed to protect you.

As a member we look after you.

By giving you the peace of mind that you are buying from professionals that abide by a code of ethics designed to protect the client, backed by after sales service that is second to none.

By assuring you a quality of service, a standard of manufacturing and installation that meets or exceeds industry best practice.

By offering you advice and a quality product that suits your needs and transforms your windows backed by industry guarantees and years of experience.

BLINDS

Various interior or exterior custom made blinds are all made to measure in block-out or translucent fabrics such as:

- Panel Glides
- Shutters
- Cellular Shades
- Awnings

INDOOR BLINDS

There is a large range of styles of blinds which are suitable for individual types of windows and doors. Samples will be brought to your home so selections can be made from various materials and fabrics to provide consistency throughout different blind options.

Indoor Blinds should be fitted as close as possible to the glass surface as possible to provide the best coverage.

Block-out and Translucent fabrics can be used separately or combined for various coverage options.

CURTAINS & ACCESSORIES

When it's time to upgrade your curtains and accessories, Defined Interiors can supply an extensive range of unique interior soft furnishing products for such as:

- Custom Made Insulated Curtains
- Pelmet
- Swags & Tails
- Bedheads
- Bedspreads
- Pillow Covers
- Cushions
- Valances
- Tracking and Accessories

MADE TO MEASURE CURTAINS

Defined Interiors offers a free measure and quote service so the curtains are made to fit the exact measurement of the window.

With a large range of samples to choose from, fabrics are selected to suit your décor and taste. The fabric is pattern matched with suitable linings, heading options with standard allowances.

It is ideal to make the curtains wider than the window and returned to the wall, with the fabric overlapping with a centre opening track.
